

Christianity; The Faith that Makes Sense (Chinese Edition)

Christians need an explanation for why we believe in Christ that will stand up to modern criticism. Such an argument may not build an inescapable case but it can give a good rational foundation on which to base both our faith and confidence. Concise and easy to read in the traditional Chinese character set, this book is an invaluable evangelistic tool for those sharing their faith. Useful as a gift to the seeker or an instructional tool for the Christian believer.
