

Jessica Seeker and the Ghost Walkers

Jessica Seeker's life can be summed up in one word: derelict. Abandoned at birth, bounced from foster home to foster home, and labeled a freak because of her psychic abilities, Jessica has been running from her past for so many years that she never learned what it was to have self-worth. Gang-raped and left for dead, Jessica is saved by a strange Medicine Woman and Shaman who keeps rambling on about Our Mothers and Jessica's destiny. Once she has healed physically, Jessica is given a crash course in the ways of the ancestors. Unbeknownst to her, she is being groomed to be the Medicine Woman's successor. Fighting her destiny tooth and nail, Jessica finally realizes that this is where she belongs. This is what gives her an identity, a home, and a family. Her resolve and her new powers are tested too soon when she is summoned to solve a mystery involving a serial killer from her childhood. The killer is back, but this time he wants Jessica, and the life of a young girl is also in jeopardy if Jessica does not fulfill her destiny. Will Jessica face her worst fears and enter the realm that has been haunting her visions for so long? Will she be in time to save the endangered girl?
