

# Hybrid Land Rovers: The Ultimate Home-Made 4X4s for Recreation and Motorsport

A hybrid Land Rover is one made up of parts from two or more different models. Many hybrids have been built with competition in mind - for trials or off-road racing - but they can also be simply to play with off-road, or to make a better road vehicle within a limited budget. If you're thinking about building a hybrid, the examples on these pages will provide all the inspiration you'll need!
