

Land Use in a Nutshell (Nutshell Series)

This text is targeted at students in the subject of land use controls and urban planning. The text discusses practically all of the subject matter contained in the leading casebooks. Therefore, even though the casebook used and the emphasis placed upon the material may vary, students utilizing this text should find coverage of most of the material discussed in class. The text provides the scope and highlights you need to excel in understanding this field. This will enable you to answer exam questions more quickly and accurately, and enhance your skills as an attorney.
