

## Lights: Despair, Faith, and Hope on Broadway

A literary work of fiction based in the decade of the 90s in Times Square, New York. It describes the life of a family growing up; as the city tries to reinvent itself, as it has done so many times before in its long history. From being the armpit of New York, can it be transformed into an entertainment mecca for live theater for the millions and how will it transform the lives of the people who live there..
