

Lippincott's Microcards: Microbiology Flash Cards

This best-selling microbiology deck is now more up-to-date and high-yield than ever. Each card features a microorganism on the front and details its clinical presentation, pathogenesis, diagnosis, and treatment on the back. Full-color clinical photos, schematics, and algorithms allow you to test yourself, identify pathogens, classify organisms, and prepare for end-of-course exams and the USMLE Step 1. Use study time effectively with this flash card deck! Full-color photomicrographs and schematics depict the morphology of pathogens, structural features, and clinical findings. Recall format keeps your review lively and quickmaximizing study time. Algorithms on each card classify organisms for easy memorization. PLUS: Take your study on the road! This deck includes online access to 70 bonus USMLE-style Q&A.
