

## Little Kids, Big City: Tales from a Real House in New York City (With Lessons on Life and Love for Your Own Concrete Jungle)

Stars of Bravo TV's *The Real Housewives of New York City*, Alex McCord and Simon van Kempen, have a hit show and a great book, *Little Kids, Big City*, a lighthearted and critically acclaimed he-said, she-said rant, about their experiences raising their two young children in the Big Apple. More of a Momoir (and Dadoir) covering the last 10 years of their lives, Alex & Simon write with a unique and humorous insight into the challenges facing parents today. They use their own hard-won experience as a springboard to discuss life before children and their determination not to have any, followed by their journey and eventual change of heart and the rollercoaster ride of having two children in two years in a seemingly non-child-friendly environment. Rather than a preachy, how-to guide, Simon & Alex take the reader on a romp through the indignities and surprises that befell them. Their informative and often hair-raising stories of life in the concrete jungle make *Little Kids, Big City* a must-read for anyone who has ever had children, hated children or thought they might want to have them someday, as well as for any fan of their hit show.
