

## His Little Women

From the New York Times bestselling author of *Looking for Mr. Goodbar* the epic family saga of four very different sisters and their Hollywood producer father. A spellbinding saga of the four daughters of larger-than-life Hollywood producer, Sam Pearlstein, and the fallout that occurs when one sister writes a bestselling novel and a man she swears she's never known brings a libel suit against her. Through these four women, Rossner brilliantly explores what it means to be a sister and a daughter.
