

## Male of the Species

Devin Grant is an alpha on a mission. Rejected by his pack for refusing to believe that one man loving another is wrong, Devin finds himself alone and directionless until a chance meeting with fellow outcast Quinn Alexander starts him on the path to forming his own pack. With Quinns experience and his own needs guiding him, Devin fights to make their pack dream a reality. Along the way, he makes an enemy the unscrupulous leader of a black arts coven and unexpectedly finds his mate, human Ryan Mitchell. With strength and courage, Devin works to win his mate and build his pack until a stunning betrayal threatens to cost Devin not only his mate...but his humanity.
