

Mandys Story

When communities were segregated in the Ozarks in the 1950s, Mandy Login fell in love with James Harris. After a short romance Mandy was left pregnant and alone. How did this young, single, black mother manage to raise a family and become a successful teacher during this time? The reader will follow Mandy on an emotional trip that will bring tears and laughter. Almost by accident after forty-five years, Mandy and James find each other and rekindle their love. Once again the reader is challenged to follow the twists and turns of their unusual love affair.
