

MEN - They Just Dont Get It! Volume 1 - Love & Marriage

MEN, They Just Dont Get It is a collection of short stories written by women for women with a single purpose: FUN!! Sometimes poignant, always funny, and occasionally endearing, this book show in ways similar to Mark Laverdieres Why Men Are From Earth And Women Are Not From Venus, how women and men can view the same issue so very, very differently. Included are stories about courtship, infertility, pregnancy, birth, family life, rejection and betrayal. Women will find these stories entertaining, sometimes funny, sometimes sad, but they are all very real. These real stories are not meant to be a put down to men. However, as we compiled them a common thread did appear. Men dont often respond in a manner that Women expect or desire (imagine that!). We discovered that these stories were much more amusing to women than to men. In fact, most men didnt find them amusing at all. Yet, many women reading these stories fell over backwards laughing. So with that in mind, we offer this gentle advice: If you are a man - put this book down. You wont find it funny.
