

The Greatness of His Blood and the New Covenant

The New Covenant, its proper exegesis and its benefits have become a hot topic among evangelical Christians today. Dr. Dave Olander (author of *The Greatness of the Rapture*), enters the conversation with the latest volume in his Greatness series, *The Greatness of His Blood and the New Covenant*. Through careful exegesis of the New Testament Greek, Dr. Olander shows not only the need for the shedding of literal blood for atonement as promised in the New Covenant, but also the New Covenants current operation for forgiveness of sins.
