

Maxwells House (Mad Max Book 1)

Peter Maxwell is on holiday when the dreadful thing happens one of his Sixth Form, one of Maxwells Own, is found dead in a derelict house in Leighford. The kids dont call him Mad Max for nothing he doesnt just get mad, he gets even, and he needs justice for Jenny. The police of course have their own investigations to carry out, but they dont do so quickly enough to prevent another murder another pupil from Leighford High School; did the boy know too much? With characters that leap off the page, the Maxwell series has something for everyone. Anyone who went to school, teaches in one, or has happily escaped from the chalk face will love the series, with humour and sadness intermingled with a plot packed with twists and turns. Clever and convincing with an excellent finale. Bolton Evening News
