

Memoirs of the Human Experience and Everything In Between, Vol. 1

Memoirs of the Human Experience: And Everything in Between, Volume 1 is just that...a memoir told through poems, preludes, and essays. A This book is Ber-Henda s testimony. A As you read this book you will begin an introspective journey into your own heart; As she shares her soul and her reactions to life circumstances you will be quickened and evoked to reflect on your life story. A She states in the Prelude, We are all in this together we all have one thing in common and that is humanity---and this is who we are for better or for worse but with a little trial and spiritual instruction we can arrive at our personal zenith. A Ber-Henda is a chosen scribe and this is just one entry in her book of life.
