

Mentoring at Sea: The 10 Minute Challenge

Mentoring at Sea 2012 Edition Author: Captain Andre L Le Goubin MA FNI The 10 minute challenge Overcoming barriers to mentoring Shore support for onboard mentoring Developing a culture of mentoring Anyone can be a mentor at sea and anyone can need mentoring - and it only takes 10 minutes to get started. This book explains how knowledge gained through experience, and then reflected upon, can be passed on in an informal but purposeful way. Every suggestion will take no more than 10 minutes to carry out but incorporating opportunities for mentoring into the daily onboard routine will widen and consolidate the on-the-job experience of those progressing through the ranks. It will also improve communications and enhance team-building and hopefully lead to a reduction in accidents and incidents. This practical guide sets the 10 minute challenge for potential mentors and candidates to identify concerns and practical solutions. Examples progress from the simple thought of the Master spending a few minutes with each of his watchkeeping officers daily to second or third officers bringing the vessel to anchor, or picking up a pilot, under the Masters supervision.
