

Mercedes W111, W112 Coupes/Cabriolets (The 1960s Mercedes, Book 3)

The two-door W111/112 models belong for many Mercedes fans to the most beautiful cars created by Daimler-Benz after WWII and this e-book tells their full story. Completely revised in summer 2015, it does not only come with a comprehensive buyers guide, it also offers superb recent photography, which includes pictures of the suspension. The book takes a detailed look at the chassis number and data card and discusses the price development over the last years. One chapter is devoted to Rudolf Uhlenhaut, who was synonymous with fast and prestigious Mercedes cars. The book concludes with paint options, annual production figures and detailed technical data of each car. Enjoy!
