

## Pulse (Volume 2)

The last thirteen months has really been a difficult time for Kelly, but as always she manages to find a way to push through. She has learned things about Kevin that just added to the list of hurt and pain that he has already caused. She made a decision to leave Maryland, however she is now questioning whether or not she made a mistake. During her journey she will meet her guardian angel and few good friends. But in the mist of good there lies evil, deception, death and chaos! What unravels in this book will make your head spin. Kelly has always been a fighter but lately the chains of events are making it hard for her to breathe!
