

Murder Dives the Bahamas (Cinnamon Greene Adventure Mysteries Book 2)

Murder Dives the Bahamas A famous underwater photographers abrasive arrogance quickly makes him a pariah to everyone on a week-long boat trip in the Bahamas to snorkel with spotted dolphins and scuba dive on fish filled reefs. When Tom Tiburon goes missing far from shore, however, passengers and boat crew launch a frantic search to find him, even as a hurricane bears down on them. Once Toms body is found, the boat heads for its home port of Miami. When it arrives there, another passenger is dead. As they return to their small town on the California coast, part-time forensic photographer Cinnamon Greene and her boyfriend Danny are inextricably involved in sorting through shifting alliances, half truths and outright lies to find out who did what to who and why.
