

My Husbands Girlfriend: A Novel

A celibate husband and wife are the two most dangerous people on Earth.... Neil and Anya Meadows are stuck in a sexless marriage. Anya suffers from a hormonal disorder that leaves her with no sex drive at all, while Neil has a voracious sexual appetite. After one unfulfilling encounter too many, they make a deal: Neil will be allowed to have a mistress, but only for oral sex and only twice a month. And hes forbidden to fall in love with her. Things dont exactly work out as planned. Neil and his mistress, Danielle, have a child together, and all of them - Anya, Neil, Danielle, the new baby, and Neil and Anyas daughter - decide to live together as Houstons most complicated blended family. The tension builds as each is forced to make difficult choices, as well as to come to terms with the past - and the future. Fast-paced, provocative, and sexy, My Husbands Girlfriend explores issues of morality, emotional ties, family, love, and monogamy, and is an eye-opening novel about the complexity of modern love.
