

No Thanks to the Duke

When onetime rugby star Barry Raeburn learns he is terminally ill and leaps from an Edinburgh bridge, it's more than providence that saves him. A direct order from The Duke - one of Europe's most powerful industrial tycoons - quite literally cushions his fall. Why all the trouble to keep a dying man alive? The Duke has learned that an attempt will be made to kidnap a member of the Royal Family from the exclusive academy he attends in the remote highlands. Raeburn's assignment: join the faculty at Markland school...and foil the plot. Alastair Dunnett weaves an ingeniously calculated web of suspense in *NO THANKS TO THE DUKE* - and climaxes it with a chilling chase across the Scottish moors that compares with the classic sequence in *The Thirty-Nine Steps*.
