

## The Making Of Christian Communities in Late Antiquity and the Middle Ages (Wimbledon Publishing Classics)

The Making of Christian Communities sheds light on one of the most crucial periods in the development of the Christian faith. It considers the development and spread of Christianity between Late Antiquity and the Middle Ages, and includes analysis of the formation and development of Christian communities in a variety of arenas, ranging from Late Roman Cappadocia and Constantinople to the court of Charlemagne and the twelfth-century province of Rheims, France during the twelfth century.
