

Weathering The Storm: Contending with- Demonic Oppression

A Spiritual Warfare Ensemble: firstly, this book was originally entitled as Weathering The Storm: then failed to rank well with that title. I couldnt find it either. Thats why youre seeing the unverified reviews, as reviewers kindly reposted to this new title, just without purchasing another book. A Spiritual Warfare Ensemble: Contending with- Demonic Oppression - is the accounting of my lifetimes demonic oppression. Spiritual warfare that ripped to a head with the death of my schizophrenic older brother Walter, and the transfer of his many demons to me, initially, without my knowledge. That underhanded invasion brought about a devastating attack of sudden-onset schizophrenia, his schizophrenia. This brutal attack, this spiritual warfare was to be defeated in Christ, and thats the central core of the story. My tale of an ongoing sanctification process, a rich accounting a reporting on, and an unveiling of grace and spiritual authority discovered and put into action. This book explains, details and documents how I won that victory, its an illustrated action plan and my testimony in its essentials. Its my one stop rebuttal to the designs of the demonic. Its what I was searching for when I needed help and couldnt find it. Its my thumb in the eye, personal sanctification and spiritual warfare manual, aimed right back at all the enemies I so soundly defeated! Altogether, there are many ways to skin a cat, but this book in its real-life experiences, has to be one of the most comprehensive resources for self-deliverance and spiritual warfare available! Lord Bless!
