

The Artist and his Wife

A hot, racy romp perfect for evenings alone or sharing with a partner, *The Artist and His Wife* is a seductive new collection from a new talent in erotic fiction. Bouncing between the charming rusticity of the French countryside and the glamorous frenetic pace of New York City, artist Montey Carpenter and his wife Connie explore their desires in a variety of settings. But one constant remains - their devotion to each other and their marriage. In stories designed to enchant and entice, accomplished new author Sue Donem proves that marriage can be sexy, and that true love knows no bounds - erotic or otherwise.
