

# Petropolis

In her stunning debut novel, Anya Ulinich delivers a funny and unforgettable story of a Russian mail-order bride trying to find her place in America. After losing her father, her boyfriend, and her baby, Sasha Goldberg decides that getting herself to the United States is the surest path to deliverance. But she finds that life in Phoenix with her Red Lobster-loving fiance isn't much better than life in Siberia, and so she treks across America on a misadventure-filled search for her long-lost father. Petropolis is a deeply moving story about the unexpected connections that create a family and the faraway places that we end up calling home.
