

# Prayer and Human Government

In honor of the 450th anniversary of Philip Melancthon's death in 1560, a second edition of his *Loci Communes* (Commonplaces or Common Topics) has been issued. Originally published by CPH in English under the name *Loci Theologici* 1543, this book is actually Melancthon's last Latin edition, published in 1559. Generations of Lutheran pastors learned theology from this book in the sixteenth and seventeenth centuries. This revised English edition includes several new features: a new translation of Melancthon's *Definitions of Terms That Have Been Used in the Church*, a new historical introduction, cross-references to the original Latin, a Scripture index, and an index of persons.
