

Where The Brothers At?

An intelligent, successful, and beautiful Black woman appears to have it all. But the hollow shell that masquerades as her heart is less than full. There is an emptiness in her life. A void that she just cannot seem to fill. She endures an internal struggle regarding interracial relationships. Should she cross the line and date the fine White Chief Financial Officer in her law firm? Or, does the man in her life have to be a Brother? She also desires to be in right standing with God. But there's a secret sin that she has kept hidden from everyone and buried deep inside of herself. When shadows of that secret sin start to surface, Darcel can't see her own silhouette. Her life is about to change in a very unexpected way.
