

Ramsey Campbell and Modern Horror Fiction (Liverpool University Press - Liverpool Science Fiction Texts & Studies)

Ramsey Campbell is one of the worlds leading writers of supernatural stories, although he has received far less attention than other practitioners of the genre. Joshi focuses in a thematic rather than chronological approach on the whole of Campbells rich and varied work, from his early tales to the powerfully innovative stories collected in *Demons by Daylight: The Doll Who Ate His Mother* (1975) to *Silent Children* (1999) are also examined in detail. Throughout this book, the author places Campbells oeuvre within the context of contemporary horror literature.
