

Sterling Test Prep AP Psychology: Complete Content Review for AP Psychology Exam

This book provides a thorough and curriculum-oriented review of all content areas of AP Psychology course per the College Boards most current AP Psychology outline. The content focused on targeted and detailed review of all relevant topics, concepts and psychological theories. The information is presented in a clear and easy to understand style. This book can be used both as accompanying text during your AP Psychology course and as a review guide before the exam. By using it as your study tool, you will develop the necessary skills and will be well prepared for the AP Psychology course and exam. Scoring well on AP exams is important for admission to college. To achieve a high score on AP Psychology exam, you need to develop skills and competence to define and explain psychological concepts, as well as ability to compare and interpret theories and scientific methods. You must also learn to apply knowledge from different theoretical frameworks to analyze a given situation. The content is developed and edited by highly qualified psychology and sociology teachers, researchers and clinicians. The content was systematized and organized by education specialists to ensure the adherence to the curriculum and skills outlined by the College Board for the AP Psychology course. All content was examined for quality and consistency by our team of editors who are experts on teaching and preparing students for standardized tests.
