

Readings in African Popular Fiction:

... a useful introduction to an important field of African creative writing that has been invisible for the most part in North America and Europe. Eileen Julien

Readings in African Popular Fiction explores the social, political, and economic contexts of popular narratives by bringing together new and classic essays by important scholars in African literature and eight primary texts. Excerpts from popular magazines, cartoons, novellas, and moral and instructional pamphlets present African popular fiction from all areas of the continent. Selections include essays on Hausa creative writing, the influence of Indian film in Nigeria, Onitsha market literature, writing and popular culture in Cameroon, Kenyan romances, Swahili literature, art and cartoons, works by South African writers of the 1950s, and popular crime thrillers in Malawi.
