

## Requiescant In Pace: The Bulitia Story (Child of Destiny Book 4)

Bulitia is one of thousands of Africans caught in the web of slavery. He finds himself transported across the sea and sold to a plantation owner in Louisiana. This plantation owner is not quite human as far as the slaves can tell; and she's out for blood; or something. She definitely wants something from Bulitia. He doesn't know what though; and his mind is too obsessed with missing his family to really care. What will all these conflicting desires lead to? Is there anyone out there who can help?
