

## As Long As She Needs Me

For ten long years, Oscar Campbell has done everything from picking up his boss's drycleaning to FedExing her tropical fish. His job as personal assistant to a legendary -- and temperamental -- publisher in New York City has given him more headaches than leg-ups. Yet none of Oscar's experiences has prepared him for his greatest challenge: planning his boss's wedding. Juggling his unappreciated duties as a publishing assistant with those of a pro bono wedding planner, Oscar labors to pull together the event of the year without falling apart in the process. Help arrives in the form of popular wedding columnist Lauren LaRose, with whom Oscar strikes a bargain: his editorial expertise for her nuptial advice. As the two work together to manufacture the romances of others, they will stumble into one of their own. Hilarious and wise, literate and charming, *As Long As She Needs Me* is a sparkling fable of love and luck in Manhattan.
