

Bad Things in the Night

A young girl at the mercy of her abusive stepfather and the religious community that protects him - *Bad Things in the Night* is a moving true story of pain and triumph. As a child Beth was imprisoned within a Jehovah's Witness family, kept away from her mother, forbidden from wearing a school skirt above her knees by day, abused by her stepfather at night. Years later, when she summons the courage to report her stepfather to the police for the first time, she is forced to relive her childhood torment. Will Beth's fight for justice be worth the suffering reawakened?
