

Journey Into Time

Global Warming. Rising Oceans. Population Explosion. Hunger. Rise in Crime. Strange Diseases. Where is this planet headed? What is in store for us, for our children, or for future generations? When standing at the check-out counter of any grocery or convenience stores, one cannot help but wonder as you read the headlines of the magazines for sale. Titles like, World Will End Soon, Giant Asteroid on Collision Course with Earth, Are There Intelligent Beings in Other Galaxies? People purchase these magazines or stand and read them while waiting to go through the check-out. They are interested in what the future holds. Along with the interest in the unknown, people are also concerned with the terms that psychics and prophets use in their predictions, like 666, The Millennium, Christs Return, Life on the Other Side of Death, The End of the World, 144,000, and the Mark of the Beast. What do they all mean? As you relax with this book on the subway, the airplane, or by the fireplace, you will find answers to these and many other questions you may have, as you Journey Into Time!
