

Seeing the Unseen

There's a WAR Going on...and Your FAITH Is at Stake. Imagine for a minute that you are in a war. You're on the frontlines. You see the explosions And you smell the smoke. Wounded loved ones are falling around you, and you want to fight back; but the unseen enemy seems to be everywhere, and he seems to have the advantage. If only you could know the plans and strategies of this unseen enemy, then you could know where he will strike next and how to fight him. This war, of course, is not between two countries and is not waged with earthly weapons, but it is very real, and you are living in it right now. This war is spiritual, and the enemy you fight is not of this world but of the unseen spiritual world. In this newly revised and updated bestseller, Joe Beam reveals Satan's powerful weaponry -- his lies, deceptions, and manipulations -- and unmasks his strategy to destroy your life and those you care for. This is not a book of wild sensationalism; rather, it is a dedicated study of God's Word and a sharing of stories of tragedy and triumph. Open this book, uncover your enemy, and prepare for victory.
