

## Selections from Boiardos Orlando Innamorato (American University Studies)

Without Boiardos Orlando Innamorato, such varied works as Ariostos Orlando Furioso, Spensers Faerie Queene and Byrons Don Juan would never have been written. Boiardos style, structure and imagination became the literary model for the epic of chivalry, in Italian and in English. In this first English translation of this central poem to appear for 400 years, English ottava rima faces the original Italian, remaining faithful to its spirit as well as to its letter, while the prefatory commentary details the strange linguistic and political fortunes behind the Innamoratos initial popularity, subsequent eclipse and modern importance.
