

Semi-Sweet: A Novel of Love and Cupcakes

Hannah Robinson is just about to open the doors to her new shop Cupcakes on the Corner when out of the blue her boyfriend Patrick announces that hes leaving her for another woman. Faced with starting a business on her own, Hannah begins to wonder if her life-long dream has just turned into a nightmare. So her best friend Adam sets his birthday as a deadline - seven months to make her shop a success, or walk away from it all. And as Hannah immerses herself in her new business, she soon discovers that shes too busy to think about Patrick and his now pregnant girlfriend ...or to notice an increasingly regular customer who has recently developed a sweet tooth for all things cupcake. But while Hannah is slowly piecing her life back together, family friend Alices is falling apart. Her husband Toms drinking is getting out of control and things are about to get a whole lot worse. As the seven-month milestone approaches, Hannah must decide her future. And while shes figuring out whats really important, it becomes clear to everyone that happiness in life, and in love, is all in the making.
