

Shad

Shad is an African American, historical fiction account of a slave boy's life during the Civil War. Given an illegal education by a widowed Swedish immigrant in a savage land, Shad, a slave boy, rises to be virtual master of a huge plantation, until everything he knows and loves is sucked into the maelstrom of the Civil War. Chased by brutal slave catchers across a war-torn and hostile South, Shad struggles to survive. Dreaming of returning to the beautiful Bekah and the ones he loves, Shad must face and conquer many challenges.
