

Sister Mine

Wed had to be cut free of our mothers womb. Abby and I were fused, you see. But heres the real kicker; Abby had the magic, I didnt. Now adults, Makeda and Abby still share their childhood home. The surgery to separate the two girls left Makeda with what feels like an even worse deformity: no mojo. The daughters of a celestial demigod and a human woman, Makeda and Abby were raised by their magical father. Today, Makeda has decided its high time to move out and make her own life. In Cheerful Rest, Makeda finds exactly what shes been looking for: an opportunity to live apart from Abby. But when her father goes missing, Makeda will have to discover her own talent if shes to have a hope of saving him...
