

For Love of God: An Intimate Journey

Does the highest form of universal energy have a voice? Yes, it does, and the answers are bountiful. This true story tells how love opened a gateway for channelled voice conversations between a man and ethereal energy. When David Abraham and Susan Veale found love, they were transported into an enhanced coupling of awareness where Susan could set aside her conscious mind and allow ethereal energy to blend with her human energy. As a result, ethereal energy used Susan's body as a platform to speak with David. Many sessions were recorded and made possible the book, *For Love of GOD - An Intimate Journey*. This book is not a story of religion or philosophy but rather a collection of down-to-earth messages explaining how ordinary people can have a better understanding of the challenges in their lives and how to meet them. Readers have said: Never before have I read a book that has had as great an influence on my life . . . It is really beautiful inside and out. It even feels good in my hands: soft, yielding, but with so many weighty thoughts. *For Love of God An Intimate Journey* steps out and speaks to everyone regardless of age, gender, race, or religion. It offers an invitation to inner peace on a path illuminated by the energy of a wingless angel.
