

Spritely Years: Race and Rally Memories from the Classic Era Plus the Full History of the Sebring Sprite

Renowned for his sportsmanship, his keen sense of humour and debunking wit, John Sprinzel is a natural communicator and his previous books, articles and television work introduced many to the excitement of competition motoring. As well as recounting John's own illustrious motorsport career this book also details the development and competition history of the car produced by his own tuning firm, the Sebring Sprite, which was based on the Austin-Healey frog-eye Sprite. Success often came for John Sprinzel on long-distance rallies requiring superhuman feats of endurance and there were always hilarious tales to tell afterwards.
