

# Stealth Jihad: How Radical Islam Is Subverting America without Guns or Bombs

Most terrorism experts agree: it is not if we are attacked again, but when. Yet the assault has already happened. A silent battle is being waged on our nation every day. Not with guns and bombs, but via covert sources: Islamic charities, the ACLU, even presidential candidates. They are all pawns in a stealth holy war, unwittingly advancing the jihadist agenda not by violence but through endeavors designed to acclimate and subject us to Islamic law-just the way Osama bin Laden wants it. In *Stealth Jihad*, bestselling author Robert Spencer exposes how a silent but lethal movement is advancing on the United States and calls upon Americans to resist it-before its too late.
