

Stirling Moss Scrapbook 1955

Focusing on Moss landmark Mille Miglia and British Grand Prix winning season, this book recreates the glamour, excitement, and danger of motor racing in the mid-1950 through beautifully presented period photography and contemporary press coverage. Sir Stirling's personal reminiscences of events, both on and off track, are complemented by extracts from his private diaries. The book has been researched and compiled by award-winning motoring author Philip Porter, who has been allowed unprecedented access to Sir Stirling's private records. A must for any motor-racing enthusiast!
