

Sweet Bye-Bye

Chantell Meyerss father is on his deathbed. Desperate to somehow save him, hantell makes a promise to God that if He allows her father to live, she will become a better person. Now that her father has pulled through, she is determined to keep her word. But soon Chantell is faced with a series of trials, temptations, and revelations that test her faith. After she decides to stop having sex until she gets married, her boyfriends response is devastating: he two-times her. Forced to break up with him, Chantell finds that the harder she tries to keep her promise to God and be a better person, the more complicated her life becomes. It is only by relinquishing her desire to have it all that Chantell is able to get everything shes ever wanted.
