

The Tent of the Meeting: Illustrating Gods Plan of Salvation

This is a study book about what the Christian faith is all about. The fundamental truths gained from the Bible starting with Genesis and ending with the book of Revelation. Dealing with mans relationship with God from the beginning and the severance of relationship between God and the first man Adam and his wife Eve as the starting point, the book then focuses on the design of the Tabernacle built by Moses according to the instruction he had received from God on Mount Sinai. The introduction of the worship services and the relationship between Israel and God carries us to the coming of the Messiah and all He did on earth and particularly His sacrifice on the cross at Calvary. The book also includes a study on the virgin birth - why it was essential, the Jewish understanding of the creation and the Messiah as The Branch. Understand what this book teaches and you will come to a full understanding of the whole basis of the Christian faith. It really is essential reading.
