

Demons Night: A Jason Dark Mystery (Jason Dark - Ghost Hunter Book 1)

The London fog had eyes tonight. Ugly, yellow eyes with slits for pupils. A series of bizarre deaths in Victorian London leaves the victims unnaturally desiccated and decaying, sending occult detective Jason Dark into the dangerous world of the London dockyards in search of a supernatural murderer. But is the paranormal investigator prepared to duel a full-fledged demon on a Hell-bent mission to create chaos and catastrophe throughout the earth, a fiend determined to wreak more death and destruction than his even more ominous Father? This is the first volume in a series of supernatural mysteries where Jason Dark, a fearless and resourceful ghost hunter in Victorian Britain, faces off against creatures from other dimensions and the forces of evil that feed on our fears.

This series is filled with enough mystery, drama and suspenseful action to transport you to the sinister, fog-shrouded streets of gaslit London. Your encounter with the extraordinary awaits!
