

The Bobby Allison Story: Circle of Triumph

The winner of 84 races and the 1983 national championship, Bobby Allison is one of the greatest drivers in the history of NASCAR. Allison became interested in racing as a youngster growing up in Florida, where he began competing at local tracks while using an alias so as not to upset his parents. Later, he moved to Alabama he eventually earned the opportunity to compete against more established and better-financed teams. Spending long hours in the shop and on the road, Allison first became popular, a winner, and then a champion. Although Bobby Allison's life has been a series of historic achievements, there have also been lows -- financial struggles, personal doubts, and that horrible day at Pocono in 1988 when he desperately clung to life. This is the chronicle of Allison's career and more, delving deeply into the life of one of the greatest drivers in the history of motorsports. By the co-author of *American Stock Car Racers*.
