

The Bride Price

A teenage girl, Myrna Chitundu, dreams of becoming a doctor someday. She dreams of leaving the dusty African town of Blancville behind her and really changing the world, but she knows it will take a lot of hard work. Her hard work pays off when she is admitted to the Royal Academy - the first girl ever to be admitted to the prestigious all boys school. But everything changes when Myrna discovers she is pregnant. Suddenly her well-ordered life begins to unravel. When an offer of marriage from a wealthy older man is presented to her family, Myrna knows what she must do - the bride price is too great for her family to refuse. Setting her own hopes and dreams aside, Myrna accepts marriage to a man she has met only once, who will take her far from the only home she has ever known. This sweeping novel of hope and redemption follows the life of three generations of Chitundus as they discover that the powerful bond of family, faith, and love is not easily broken.
