

Daughter: A Novel

At nineteen, Aya is a promising Black college student from Brooklyn who is struggling through a difficult relationship with her emotionally distant mother, Miriam. One winter night, Aya is shot by a white police officer in a case of mistaken identity. Keeping vigil by her daughters hospital bed, Miriam remembers her own youth: her battle for independence from her parents, her affair with Aya's father, and the challenges of raising her daughter. But as Miriam confronts her past - her losses and regrets - she begins to heal and discovers a tentative hopefulness.
