

The Devils Good Intentions (Brotherhood)

After fleeing from her fathers death, Katherine finds freedom in the seclusion of a broken down cabin tucked deeply into the woods. That freedom however came with the cost of having to fend for herself. After two years of surviving the harsh realities of her situation, how much longer can she manage to do so, before her time runs out? Salvador and his Brotherhood of close friends grew up with harsh childhoods. Watching his Mothers promiscuous ways and his Fathers weakness to stand up to her, Salvador grew up with a hardened heart towards women and a temper that would rival the Devil himself! When Salvador and Katherines worlds collide, will Katherine so easily accept her loss of freedom? And will Salvador learn to trust a woman again?
