

Gilded Girls

Gilded Girls is a tale of four friends, Missy, Hazel, Poppy and Countess, all living in Washington, D.C. during the Gilded Age. It is autumn 1883 and the girls are determined to become members of the Firebirds Club, the city's leading social organization for ladies. But before the girls can join this sparkling set, they must prove themselves capable of putting on the club's annual masquerade ball. While planning the extraordinary affair, the girls each meet a suitor who tickles her fancy, including a real life prince from the Ashanti Kingdom in West Africa. As the girls discover the complexity of planning a ball, they are also faced with the challenge of balancing newly found social pleasures with their responsibilities for the masquerade. But, will the girls' enchantments prove too distracting? And their biggest challenge of all: How to remain friends through everything. This gilded tale explores friendship, love and coming of age among Washington's African-American bourgeois after the Civil War.
